DETAILED ACTION

This is the first office action in response to the above identified patent application filed on 1/30/04.

Drawings

1. The examiner has approved the drawings filed on 1/30/04.

Allowable Subject Matter

2. Claims 1-25 are allowed.

With respect to claim 1, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "*a DC brushless spindle-motor mounted to said housing, said motor comprising at least one rare-earth magnet for rotating an outer hub around a stationary shaft; an impeller rotationally constrained to said hub, said impeller contained within said housing*", in combination with the other claim limitations.

With respect to claim 12, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "*a DC brushless motor comprised of a stationary spindle, at least one rare-earth magnet, and a hub for rotating about said stationary spindle, said stationary spindle fixed to said enclosure; an impeller disk rotatably constrained to said hub of said motor*", in combination with the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
